WORK EXPERIENCE

Cognizant UI Developer

July 2021 - present

- Developing responsive pages for multiple client projects with accessibility
- Involved in Analysis, Designing, Coding, and Debugging.
- Developing React App from scratch with the features of the redux store.
- Communicated with cross-functional teams regarding design and APIs used.
- Often participate in project discussions and sprint planning for the projects.

PROJECTS

Food Ordering App

[Demo](#) [Code](#)

- Created a Food ordering app that uses real-time Swiggy's APIs to render the restaurant details.
- Implemented features like adding a menu to the cart which uses the custom hooks and redux.
- Built dynamic search using core JavaScript and ES6, even handling error functionality.
- Designed Login form with the help of Formik (open source form library for React) and Yup with validation schema.
- Included Shimmer Ui into the application to get the artistic look and feel.
- Used react-router-dom from Remix to handle the routing into the application, even handling unexpected routing.

Tech Stack used: React, Redux, JavaScript, Config Driven UI, Parcel, Tailwind, React-router, Formik, Hooks

Video Stream App

[Demo](#) [Code](#)

- Created highly scalable and performant Video stream App as like Youtube, which is powered with the data coming through Youtube Api V3.
- Implemented debouncing and Caching to optimize the API calls for search videos functionality.
- Used React-router-dom v6 for routing pages, using its children and outlet features.
- Added features like Live chat, nested comments, and suggested video catalog into the application.
- Design Youtube looks a like watch page for videos.

Tech Stack used: ReactJS, Redux, React Router, Tailwind CSS

SKILLS

Programming Languages	<i>ReactJS, JavaScript, HTML5, CSS, My-SQL</i>
Skills	<i>Redux, Tailwind, Bootstrap, Formik, Parcel, React-router</i>
Project Management	<i>Git, VS Code, Github, Bitbucket, Jira, Confluence</i>

EDUCATION

2019 - 2021	Master in Computer Applications	KIIT University, Bhubaneswar
2015 - 2018	Bachelor's in Computer Applications	Magadh University, BodhGaya
2013 - 2015	Class 12 CBSE Board	Creane Memorial High School, Gaya
